Tohoku STYLE Rd.2 Fukuyama Base

-GRK RACING Team Leader- HAYATO achieves total victory.

At the Tohoku STYLE Round 2 held at Fukuyama Base, GRK RACING Team Leader HAYATO achieved a clean sweep by winning both the solo run and tandem battle categories. He drove the GRK5-R HRP, utilizing the "Y-Knuckle Ver. 2" (tentative name)—currently under development—on the front end. Despite being a prototype, the part demonstrated high potential and played a key role in the victory. Final adjustments are currently underway for its commercial release. Please look forward to this new component designed to further elevate the performance of GRK machines.

GRK SET UP WORKSHOP

GRK SET UP Workshop

On May 30 and 31, a setup workshop led by GRK team members was held at the Tam-Tam Kobe store. The team provided clear explanations—incorporating actual track time—on the principles of machine setup, how adjustments alter driving feel, and the specific roles of various components. They also offered personalized advice tailored to each participant's machine. It was a productive two-day event that fostered deeper connections with users while sharing the knowledge and know-how needed to fully enjoy the GRK driving experience.
